BUSINESS SUMMARY

Qwalifize LLC offers RFID Asset and Workforce Management embedded tagging, thread technology, CCTV AI facial recognition, and dashboard solutions for traceability and data-driven decisions. This allows for visibility into Health & Safety, Risk & Compliance, Operational Deficiencies, and Environment & Sustainability Management. Our intelligence solutions utilize a single platform, customized results based on site plans, permissions configurable to the smallest of details, handling of enterprise-volume transactions, along with timestamping, auditing processes and more. Can integrate with current GPS and other equipment. Our predictive analytics anticipate equipment failures, identify root causes of problems, optimize maintenance schedules and workflows.
